

April 1, 2020

Dear Lincoln University students, faculty, and staff:

Alameda County Stay-at-Home Order for COVID-19 has been extended through May 3, 2020.

As confirmed COVID-19 cases in Alameda County continue to grow, the Alameda County Public Health Officer has aligned with the six other Bay Area Health Officers to issue an updated Stay-at-Home Order. The public health officer indicated that to slow the spread of the virus, stricter guidelines for parks, beaches, other open spaces and essential and non-essential business operations are needed during this time. The new order also clarifies restrictions on childcare and construction.

Social distancing is a must if we want to slow the spread of COVID-19. Let's all do our part in this fight, and stay at home, limiting our outings to only what is essential. Visit the Alameda County Public Health Department's COVID-19 website at www.acphd.org for the full order, and more information on COVID-19.

To report compliance issues email covid19compliance@acgov.org.

Thank you for your attention. We will update you on any changes in the situation.

Dr. Mike Guerra, Administrative Vice-President, mguerra@lincolnuca.edu
