

CARES/HEERF I-III/ARP Grant Funding is Available for Summer 2021 Students

All domestic and international Students who are enrolled as a student for Summer 2021 are encouraged to apply. The first-round application deadline is the add/drop date of June 21, 2021. Grants will be disbursed after that date.

This is a federal grant for students that you do not have to repay and is not taxable.

Your grant funding can now be directly applied to your tuition, Summerhouse student housing costs, and any outstanding tuition debit at Lincoln from the spring 2021 semester.

The summer session deadline for application is the add/drop date of June 21, 2021. If funds are still available for summer, a second application round will be available.

Priority will be given to students with the greatest exceptional financial need using HEERF III funding requirements

Under HEERF III, you are eligible for more than one grant so if you previously received a CARES Act grant, you are eligible for a new grant based on exceptional need.
