PROCEDURES AND METHODOLOGY

This is a direct classroom instruction course

Lecture method is combined with in-class discussions, case studies and home assignments of various kinds. Core concepts identified from the textbook will be augmented with supplementary sources (made available to students on the class website) and applied to the real-life situations during class activities.

Assignments and projects require students to actively use resources of the library. Detailed guide to business *resources of the library* as well as the description of Lincoln University approach to *information literacy* are available at the Center for Teaching and Learning website (ctl.lincolnuca.edu).

CLASS RULES

1. Class attendance is required. Attendance will be taken each class at a time chosen by the instructor.
2. Students are required to arrive to class on time. Showing up late disturbs the natural flow of the lecture and affects everyone’s experience. Usually, up to 10 minutes of “grace period” is allowed. However, if students choose to show up 10 minutes into class on a regular basis, this rule will be reviewed, and no one will be allowed after the start of the class.
3. All quizzes, exams, assignments, and projects must be completed and handed in on time. Late submissions will result in lower grade (each day of delay costs 2% points cannot be used as an excuse to submit it later).
4. All quizzes, exams, and class assignments cannot be made up.
5. No cheating and no plagiarism, please! Detected cheating/plagiarism will result in “F” for the assignment.

¹ Detailed description of learning outcomes and information about the assessment procedure are available at the Center for Teaching and Learning website (ctl.lincolnuca.edu).
